

Technical drawing of a stepped block (Fig. 1.10). The drawing shows a 3D perspective view of a block with a total width of 1.00, a total height of 1.00, and a total depth of 1.00. The block is composed of three rectangular sections: a front face of 0.50 x 0.50, a middle section of 0.50 x 0.50, and a back section of 0.50 x 0.50. The dimensions are indicated by arrows and numerical values: 1.00 for the total width, 1.00 for the total height, and 1.00 for the total depth. The block is shown in a perspective view, with the front face and the top and side faces visible. The front face is divided into four quadrants by a vertical and a horizontal line, each quadrant being 0.25 x 0.25. The middle section is a rectangular block of 0.50 x 0.50, and the back section is a rectangular block of 0.50 x 0.50. The block is shown in a perspective view, with the front face and the top and side faces visible. The dimensions are indicated by arrows and numerical values: 1.00 for the total width, 1.00 for the total height, and 1.00 for the total depth.
